

HOW TO TAKE THE MEASUREMENTS

Put a small belt around the waist. Just between the lower ribs and the hip-bone.

Measure from this line up and down.

Always take the measurements 1 to 5 and #2 to #5, and further all measurements which you think are needed for your corset.

It is better to take a few measurements too many than a few short.

Body-size	male	
	female	
Reduced waist size		
#1 waist		
#2 exactly underneath the breasts		
#3 over nipples wit a bra Male -with breast filling Male-without fillings
